Teacher & Student Resources The Women's Museum: An Institute for the Future

DISCOVERY TRUNKS

Discovery trunks are activity based lessons that support hands-on history where students can learn about the historical and contemporary accomplishments of women in America. *Discovery topics include:* The Woman's Suffrage Movement, Women Explorers and Women in Art. **Contact the Education Department for more information.**

Once Upon A Time in Women's History Children's Story Hour

A great introduction to The Women's Museum! Students will join our favorite Museum character, Casey Clue, and read books about women's history. Children will also take part in hands-on activities and make-and-take projects. Our younger visitors may also scour the museum looking for the answers to a variety of questions about the women featured in the Museum's exhibits. Please contact the education staff for dates and times.

**Sessions offered:
February - August 2011.**
